DEPARTMENT OF PUBLIC WELFARE

FLORIDA'S PUBLIC WELFARE PROGRAM

FLORIDA'S PUBLIC WELFARE PROGRAM is administered by the State Department of Public Welfare, which in turn, is governed by the State Welfare Board with twelve District Boards responsible to it on an area basis. The State Welfare Board is composed of seven members, appointed by the Governor for 4-year overlapping terms and confirmed by the Senate. Members of the District Welfare Boards are also appointed by the Governor, two or more from each county in the State in proportion to population. The State and District Board Members serve without compensation, but are reimbursed for necessary expenses incurred in the discharge of official duties. The program is supported by appropriations authorized by the State Legislature and supplemented by Federal funds in the event that conditions prescribed by the Social Security Act are complied with. These conditions are intended to insure fair and equitable distribution of funds, and leave the responsibility of administration entirely with the State. The State Welfare Act gives the Department broad responsibilities for caring for needy persons and for making and carrying out plans for the permanent rehabilitation of persons in need of care.

FUNCTIONS OF THE STATE WELFARE BOARD

The State Welfare Board as the governing body of the State Department of Public Welfare exercises the supervisory, regulatory and policy making powers of the Department. It is charged with the responsibility of administering, or causing to be administered, all social welfare carried on by use of joint Federal and State funds, and may cooperate with counties and cities in administering their welfare services. It employs an administrator designated as the State Welfare Director to carry out its decisions. The District Welfare Boards have a supervisory function in twelve districts of the State, with the responsibility of supervising the administration within their areas in carrying out the rules, regulations and policies adopted by the State Board for the Department. The Act also gives responsibility to the State Welfare Board, acting through its District Boards, to determine the amount of money within the limitations fixed by law that applicants may receive. This amount is determined by (1) the money appropriated by the Legislature; (2) number of eligible applicants; (3) the extent of need of each eligible person.
